URGE CNN TO INCLUDE UAP QUESTIONS IN THE UPCOMING PRESIDENTIAL DEBATE ON JUNE 27TH, 2024.

On June 27, 2024, [CNN will host](#) the first of two scheduled presidential debates. The New Paradigm Institute calls on CNN and the debate moderators to include a question about UAP disclosure.

“

The next President will make critical decisions about UAP disclosure and government transparency. It's time for all presidential candidates to commit to UAP disclosure and transparency.”

The [Fiscal Year 2024 National Defense Authorization Act](#) (NDAA) established the “Unidentified Anomalous Phenomena Records Collection” at the National Archives and Records Administration. The Act provides the Executive branch with sweeping powers to withhold and postpone the release of documents relating to UAP under national security grounds that the New Paradigm Institute considers overly broad.

“The next President of the United States will make critical

decisions about UAP disclosure and government transparency. It's time for all presidential

candidates – Joe Biden, Robert F. Kennedy, Jr., and Donald J. Trump – to commit to UFOs/UAP disclosure and transparency,” said New Paradigm Institute Chief Counsel Daniel Sheehan. “Regardless of political affiliation, the time has come to inject UAP into the political discourse of our elections.”

The New Paradigm Institute’s (NPI) campaign calls on the public to demand that CNN and debate moderators Jake Tapper and Dana Bash ask the candidates about UAP disclosure and government transparency at the June 27, 2024, presidential debate at CNN’s Atlanta studios.

“Candidates for President should be asked whether they will commit to UAP disclosure and government transparency. The CNN debate provides the perfect forum for the public to learn where our candidates stand on this important issue,” concluded Sheehan.
