

Winthorpe Conservation Launches New Water Saving Shower Head for Amazon Prime Day 2024 Deals

UNITED STATES, June 12, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- Winthorpe Conservation, a leading provider of eco-friendly home products, is excited to announce the launch of their new water saving shower head just in time for Amazon Prime Day 2024 deals. This rain shower head is a low flow model with an output of only 1.8 gallons per minute, making it the perfect choice for consumers looking to save money on their water and energy bills.

The new water saving shower head from Winthorpe Conservation is targeted towards environmentally conscious consumers who want to make a positive impact on the planet while also saving money. With the average household using 40 gallons of water per day on showering alone, this shower head can help reduce water usage by up to 50%, resulting in significant savings on water bills. Additionally, the low flow design also helps to conserve energy, making it a win-win for both the environment and consumers' wallets.

“

We are thrilled to launch our new water saving shower head just in time for Amazon Prime Day 2024 deals.”

Chris Breikss

The new shower head will be available for purchase on the [Winthorpe Conservation store on Amazon.com](https://www.winthorpeconservation.com) and at their the website [WinthorpeConservation.com](https://www.winthorpeconservation.com). Customers can

take advantage of special deals and discounts during Amazon Prime Day, making it the perfect time to upgrade to a more sustainable and cost-effective showering experience. The shower head is easy to install and comes with a 3-year warranty, ensuring long-lasting performance and customer satisfaction.

“We are thrilled to launch our new water saving shower head just in time for Amazon Prime Day 2024 deals. Our goal at Winthorpe Conservation is to provide eco-friendly solutions that not only

benefit the environment but also help consumers save money. We believe this shower head is a great addition to our product line and we are excited to offer it to our customers," said Chris Breikss, Founder of Winthorpe Conservation.

Winthorpe Conservation's new water saving shower head is a testament to their commitment to promoting sustainable living and providing practical solutions for everyday life. With this launch, they hope to encourage more people to make small changes that can have a big impact on the environment. Don't miss out on this opportunity to upgrade your shower and contribute to a greener future.
