"The writing and recording of Black Country Communion's 'V' was monumental," shares bassist Glenn Hughes, the voice of rock and a pivotal force behind the album. "We all believe that this could be our finest work. I'm looking forward to this album release and hoping to see you all on the great highway in 2024."

Critics praise the album for its dynamic and powerful sound, affirming Black Country Communion as "a tornado of a band that sonically devastates everything in their way." Blues Rock Review hailed the album in a glowing review, noting, "These guys don't just write songs for the sake of it, every track takes you on a journey with them, teasing you as they weave their magic, breaking down

when you least expect it, building up to a crescendo and pushing you right over the edge, this album has it all and then some.”

“This album exceeds the sum of its parts and has captured possibly the finest recordings from their collaborative journey together.”

– 10/10 Powerplay Magazine

“V may represent their fifth album, but it could equally denote V for Victory.”

– 5-Stars, R’N’R Magazine

“With the quartet at the top of their game, this hunger to get together and make music seems to have given the outfit a fire and newborn freshness that’s powerful enough to tilt the globe on its axis.”
