Founded by Jenny Hunt, Gateway Group has navigated the complexities of the ever-evolving business regulations on the UAE mainland and in its free zones. Jenny's firsthand experience in overcoming challenges faced by companies setting up in the UAE laid the foundation for Gateway Group's success. "Navigating the various government departments myself and fully understanding the requirements and processes uniquely positioned me to confidently and competently talk clients through the processes and timescales of establishing a presence in Abu Dhabi, step-by-step," said Jenny Hunt, Founder of Gateway Group. "This hands-on approach allowed me to find creative solutions and provide

exceptional service to our clients.”

To mark this significant milestone, Gateway Group recently hosted a reception for its clients, employees, and key business partners in the company's journey. The event celebrated the milestone and expressed gratitude to everyone involved, including some guests who were present at the original launch party in 2014.

One of Gateway Group's greatest achievements is its exceptional employee retention. The company has never lost a member of staff, providing consistency and reliability to its clients. During the reception, the management recognized their longest-serving employee, Salah Al Khatib, the company's PRO and Government Liaison Officer since 2016. Salah was surprised with a golden ticket, which revealed an all-expenses-paid trip for two to watch his beloved Manchester United football team play. A shocked Salah commented, "It was my dream come true."

Another notable achievement during Gateway Group's 10 years is being one of just three companies recommended by the Abu Dhabi Residents Office (ADRO) as their trusted partner in company formation.

"Creating and developing a company that continues to uphold its values of honesty, trust, and integrity is a source of immense pride for me," said Jenny Hunt. "It is incredibly fulfilling to positively impact our employees' lives and make their dreams come true, while also seeing the significant benefits we bring to our clients' businesses."

In addition to celebrating its 10th anniversary, Gateway Group is excited to announce the launch of two new companies: NumberNinjas.ae, an [accounting and bookkeeping company in Abu Dhabi](#), and Otoo Marketing, a cutting-edge [digital avatar marketing agency in Abu Dhabi](#). These new ventures reflect Gateway Group's commitment to innovation and expanding its service offerings to meet the evolving needs of businesses in the UAE.
