aesthetics. Dr. Gerov's expertise ensures durable and natural-looking results, whether a single tooth or an entire arch.

- Full Mouth Rehabilitation (All-on-4): A transformative procedure that uses four (or more) implants to support an entire arch of teeth, offering immediate and lasting results. This method is ideal for patients with significant tooth loss and provides a stable, functional, and aesthetic solution. We incorporate an integrated approach with specialists for implant placement, including either a periodontist or/and an oral surgeon.

- Tooth Extractions: Gentle and efficient removal of teeth when necessary, ensuring patient comfort throughout the process. This service includes wisdom teeth extractions and other complex cases.

- Root Canal Therapy: Expert treatment to save damaged teeth and relieve pain. Using advanced techniques, the practice ensures a comfortable and effective procedure.

Advanced Technology for Superior Care - Happy Smiles Dental utilizes state-of-the-art technology, including:

- 3D Imaging and Digital X-Rays: These tools provide precise diagnostics and effective treatment planning, allowing for minimally invasive procedures and enhancing patient comfort and care.

- Intraoral Cameras: This technology allows patients to see what the dentist sees, fostering better understanding and communication about treatment plans.

- Advanced Whitening Systems: Fast and effective teeth whitening options ensure patients achieve their desired results with minimal sensitivity.

Patient-Centered Approach - [Dr. Diana Gerov - Dentist in New Hyde Park](#) and her team are dedicated to providing personalized, compassionate care to each patient.
