SPECTRAFORCE® named among best workplaces for the second consecutive year.

RALEIGH, NC, US, June 18, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- SPECTRAFORCE, one of the largest and fastest-growing staffing firms, has been named to Inc.'s annual Best Workplaces list, for the second consecutive year. Prominently featured on Inc.com, the list is the result of a comprehensive measurement of American companies that have excelled in creating exceptional workplaces and company cultures, whether operating in a physical or a virtual facility.

Marking its 20th anniversary, SPECTRAFORCE is proud to receive this prestigious award, underscoring two decades of excellence in staffing solutions and a steadfast commitment to fostering a culture of innovation. Our comprehensive benefits, competitive compensation, diversity and inclusion initiatives, and dedicated managerial teams exemplify our mission to raise the bar in the industry. SPECTRAFORCE is dedicated to being the premier choice for talented professionals seeking an exceptional workplace.

After collecting data from thousands of submissions, Inc. selected 543 honorees this year. Each company nominated took part in an employee survey, conducted by Quantum Workplace, which included topics such as management effectiveness, perks, fostering employee growth, and overall company culture. The organization's benefits were also audited to determine overall score and ranking.

Amit Singh, CEO and Co-Founder of SPECTRAFORCE, expressed, "This acknowledgment from Inc. reflects our unwavering commitment to creating an outstanding workplace culture. It's a testament to our team's dedication to fostering an environment where employees feel

motivated, valued, and inspired to excel. We're grateful to Inc. for this continued partnership, to our valued clients, and to our thriving team".

"Each year, Inc.'s Best Workplaces program recognizes the very best in terms of companies that have fostered a truly amazing culture," says Inc. editor-in-chief Mike Hofman. "We use hard metrics and data as well as qualitative measures for judging in order to find the very best—and we're proud that the program is highly selective."
