ATLANTA, GEORGIA, USA, June 17, 2024 /EINPresswire.com/ -- The Association of Healthcare Value Analysis Professionals ([AHVAP](#)) Executive Director, Dr. Hudson Garrett Jr., has earned the prestigious Certified Association Executive designation from the American Society of Association Executives Center for Association Leadership.

The Certified Association Executive ([CAE](#)) credential is the marker of a committed association professional who has demonstrated the wide range of knowledge essential to manage an association in today's challenging environment. The CAE is the highest professional credential in the association industry. Less than five percent of all association professionals have achieved this mark of excellence. Earning the CAE credential is a three-

part process which consists of a degree requirement, formal experience in Association Leadership, and earning a minimum of at least 100 hours of broad-based, association management-related professional development, as defined by the exam content outline, within the last five years of the month in which they submit their application to be eligible to sit for the CAE examination. The CAE Examination is rigorous and covers the core domains of Governance, Executive Leadership, Organizational Strategy, Operations, Business Development, Member and Stakeholder Engagement and Management, Advocacy, and Marketing & Communications.
