

Autism Behavior Services Teams Up with Rancho Santiago Community College to Advance Workforce Development Initiatives

Autism Behavior Services is pleased to announce a productive meeting with Vice Chancellor Enrique Perez, J.D., of the Rancho Santiago Community College District

ORANGE, CA, UNITED STATES, June 17, 2024 /EINPresswire.com/ -- Autism Behavior Services, Inc. (ABSI) is pleased to announce an extremely productive meeting with Vice Chancellor Enrique Perez, J.D., of the Rancho Santiago Community College District. The discussion centered on collaborative workforce development projects aimed at meeting the needs of children with [autism in Orange County](#).

A key topic of the meeting was the behavior technician workforce grant program with CalOptima, designed to increase the number of qualified behavior technicians in the area. By enhancing this workforce training with the grant it addresses a critical need in the community.

“

We are excited about the potential of this collaboration to make a significant impact on our local community”

ABSI President, Andrew Patterson

“We are excited about the potential of this collaboration to make a significant impact on our local community,” said ABSI President, Andrew Patterson. “Partnering with Rancho Santiago Community College District and the support from Vice Chancellor Perez will enable Orange County to expand

our workforce and improve the quality of [care for children with autism](#).”

Vice Chancellor Enrique Perez, who represents the college district at local, state, and federal levels, expressed strong support for the initiative with ABSI. “This partnership aligns perfectly with our mission to provide accessible and high-quality education and training to our

community," he stated. "By working together, we can develop a robust workforce that meets the growing needs of children with autism and their families."

The collaboration aims to develop specialized training programs and resources that will equip students and professionals with the skills needed to excel in the field of autism care. This initiative is expected to create numerous job opportunities and enhance the quality of life for many families in Orange County. Presently, Rancho Santiago Community College serves as a gateway to training future behavior technicians and partners with community employers to help students start their career in healthcare.
