

Enhancing Enterprise Security and Productivity with AppTec360's Mobile App Management Solutions

AppTec360 UEM's Mobile App Management (MAM) secures corporate data in your "Mobility First" strategy. Learn how it empowers IT and boosts user experience.

NEW YORK, NY 10001, UNITED STATES, June 17, 2024 /EINPresswire.com/ -- With the increase in adoption of the "Mobility First" strategy, enterprises are achieving unprecedented productivity gains. Yet, these advancements introduce substantial risks, particularly in safeguarding sensitive corporate data. Ensuring comprehensive control over various implementations has become imperative for IT departments.

[AppTec360's Endpoint Manager \(AppTec360 UEM\)](#) presents a formidable solution through its [Mobile App Management \(MAM\)](#) capabilities. Engineered to provide IT administrators with optimal control over both corporate and private applications, AppTec360's MAM solutions are designed to be user-friendly, secure, and adaptable, thereby forming the foundation of a successful "Mobility First" approach.

Key Features and Benefits of AppTec360's MAM

The [Mobile App Management solution](#) by AppTec360 simplifies and secures app management throughout its entire lifecycle. This solution offers features such as remote installation and de-installation of apps, detailed user authentication for secure access, and robust app security measures to protect mobile devices. Additionally, the solution facilitates clear separation of private and corporate data, seamless background configuration of app settings, and the ability to blacklist or whitelist apps. A custom in-house enterprise app store and per-app VPN capabilities enhance security and usability, while the volume purchase program streamlines app license management.

AppTec360's solutions are distinguished by their emphasis on usability, ensuring consistent user experiences that drive adoption and satisfaction. The focus on security is paramount, with AppTec360's commitment to absolute security ensuring that its Mobile App Management solutions remain at the forefront of the industry, delivering unmatched security features.
