

QQH Launches New X70A Triple Monitor --Increase productivity anytime, anywhere

LINCOLN, 1450 FLETCHER AVE APT, US, June 17, 2024 /EINPresswire.com/ -- In the modern world, where speed is key, staying productive while on the go is essential. Understanding the evolving requirements of today's professionals and designers, QQH unveils this Triple Portable Monitor, which achieves one cable connection.

The QQH X70A triple portable monitor is designed for plug-and-play with its exclusive USB-C port for ease of use. Connect this monitor extender to a laptop or phone with the included USB-C to USB-C or USB-C to USB-A cable (NOTE: Only USB-C to USB-C cable with USB-C to USA converter head is FULL-FUNCTIONAL cable). This unique design cleans up the desktop, avoids annoying cables, and improves productivity.

portability without compromising performance. In addition, the triple monitor comes with a notched handle that makes it easy for customers to take it with them wherever they go.

2. Adjustable Viewing Angle: The X70A triple monitor has a 180° screen rotation function and a 90° adjustable stand, which can change the viewing angle according to the user's preference and working environment. Meanwhile, the alloy material of the stand can make the monitor more stable.

Seamless Connectivity for Ultimate Convenience

1. USB-C or USB-A: QQH X70A has updated the connection using ONE CABLE. Connect the portable monitor to the device using either ONE USB-C to USB-C or USB-C to USB-A cable (NOTE: Only USB-C to USB-C cable with USB-C to USB-A converter head is FULL-FUNCTIONAL cable. Make sure your device has enough power), providing compatibility with a wide range of devices. Say goodbye to complicated setups and hello to plug-and-play simplicity.

2. Power and data transfer over One cable: The USB-C to USB-C (with USB-A converter) cable provides display output, power to the monitor, and data transfer, reducing cable clutter and increasing user convenience.

2. Wide Compatibility:
