Egnyte Wins 2024 Comparably Awards for Best Leadership Team and Career Growth

MOUNTAIN VIEW, CALIF., UNITED STATES, June 17, 2024 /EINPresswire.com/ -- Egnyte, the secure platform for content collaboration and governance, today announced it has been awarded two Comparably Awards. Based on employee feedback, these awards highlight Egnyte as one of the best companies for career growth and leadership teams. These recognitions follow the company's other Comparably wins over the last few months, including the coveted Best Company Culture award and being listed as one of the top 50 engineering teams.

Egnyte Wins Comparably Award for Best Leadership Team

"Being recognized for our unwavering commitment to creating a working environment where everyone can flourish under leadership that respects and values talent is a tremendous honor," said Dean Chabrier, Chief People Officer at Egnyte. "At Egnyte, we believe in building a culture where employees are valued and encouraged to explore their unique talents to help them achieve their career goals. Our leadership team works hard to provide positive examples and guidance to all employees so that they can excel."

Egnyte's growth is not limited to awards. Over the past two years, the company has steadily increased its employee headcount, with a 21% increase in global employees. This growth is a testament to the company's focus on new product development areas like the generative AI-based solutions launched last July and vertical market development in architecture, engineering and construction, life sciences, and financial services.

Comparably Awards are based on anonymous sentiment feedback from current employees over 12 months from May 13, 2023, through May 13, 2024. The Best Companies for Career Growth

award measures how confident employees are about career growth at their companies, while the Best Leadership Teams award is based on sentiment feedback from employees rating their CEO, leadership team, and direct managers.

Recognized for its outstanding leadership and commitment to employee growth, Egnyte invites you to explore the exciting opportunities available to join the award-winning team at egnyte.com/careers.
