

OHM Ranks Team Sunshine Construction #1 Solar Installation Company in Massachusetts

BOSTON, MASSACHUSETTS, UNITED STATES, June 17, 2024

/EINPresswire.com/ -- [Team Sunshine Construction](#) has been recognized as the number one solar installer in Massachusetts by the esteemed energy analytics firm OHM. This notable accolade reaffirms Team Sunshine's status as a leading provider of energy solutions.

Founded just two years ago, Team Sunshine Construction has rapidly grown to become the fastest-expanding solar services provider in the New England area. Serving all six New England states and more, Team Sunshine offers comprehensive energy solutions, including solar installations, roofing, and HVAC systems, to meet diverse customer needs.

This award highlights Team Sunshine's unwavering commitment to excellence and innovation. As the top solar installation company in New England, Team Sunshine consistently outperforms competitors and continues to expand rapidly. The company's dedication to quality, customer satisfaction, and sustainable energy solutions sets it apart in a competitive industry.

About OHM:

OHM is a respected analytics and research firm within the energy sector, known for its rigorous evaluation of technology and service providers. Its rankings are highly regarded and help shape industry standards by highlighting companies that consistently demonstrate excellence and innovation. OHM's comprehensive analysis provides valuable insights that drive the energy sector forward and sets the standard for all surrounding industries.

About Team Sunshine Construction:

Team Sunshine Construction is a dynamic solar installation company that has quickly established a strong foothold in the Northeastern United States. Recognized for its rapid growth and

exceptional service, Team Sunshine is committed to enhancing sustainability and reducing environmental impact through cutting-edge solar technology and partnerships. In addition to solar solutions, the company has expanded its services to include roofing and HVAC systems, further supporting its mission to provide comprehensive energy solutions.
