## About NaturePest

Our mission is to deliver effective pest management that protects both people and nature, and we look forward to serving this vibrant community with our eco-friendly services."

*Franklin Hernandez*

"We are excited to bring our holistic pest control solutions to Pembroke Pines," said Franklin, Owner of NaturePest. "Our mission is to deliver effective pest management that protects both people and nature, and we look forward to serving this vibrant community with our eco-friendly services."

#### A Comprehensive Range of Holistic Pest Control Services

NaturePest offers a wide array of pest control services designed to manage and prevent infestations using

methods that minimize the use of harmful chemicals and promote a healthier environment. These services include:

#### Organic Compliant Ant and Roach Control

##### Ant Control:

Ant infestations can be a major nuisance and health concern. NaturePest specializes in controlling various ant species common in Pembroke Pines, such as ghost ants, bigheaded ants, crazy ants, carpenter ants, and whitefooted ants. Our holistic approach involves:

Inspection and Identification: Accurate identification of ant species and locating nests.

Targeted Baiting and Trapping: Using eco-friendly baits and traps to manage ant populations.

Exclusion and Sanitation: Implementing measures to prevent future infestations by sealing entry points and maintaining cleanliness.

##### Roach Control:

Roaches pose significant health risks as they can spread bacteria and allergens. NaturePest provides organic compliant roach control for species like German roaches, American roaches, and Australian roaches. Our methods include:

No Contamination Solutions: Exclusive ZERO Indoor Spray service that ensures no contamination of floors, surfaces, or air.

Modern Baiting Techniques: Using gel baits, dusts, granules, and insect growth regulators (IGRs) to effectively eradicate roach populations. We want to be the [exterminator Pembroke Pines](#) residents trust to keep them roach free.

#### Humane Rodent Control

For [Rodent control Pembroke Pines FL](#) residents have trusted us to keep them safe from rodents such as roof rats, Norway rats, and house mice can cause extensive damage and pose health risks. NaturePest's humane rodent control program focuses on:

Trapping and Removal: Using humane traps to capture and remove rodents from properties.

Rodent Proofing: Sealing entry points to prevent future infestations.

Population Reduction: Deploying tamper-resistant exterior rodent bait stations to control outdoor rodent populations.

#### Holistic Lawn & Shrub Care

Maintaining a healthy and beautiful lawn and garden requires more than just regular mowing. NaturePest's holistic lawn and shrub care services include:

Lawn Pest Control: Managing pests such as grubs, chinch bugs, fall armyworms, mole crickets, tropical sod webworms, and hunting billbugs using IPM (Integrated Pest Management) strategies.

Weed and Disease Control: Controlling common lawn weeds like dollar weeds and globe sedge, and treating lawn diseases such as large patch diseases and take-all root rot.

Biological Fertilizing: Enhancing soil health with bio-stimulants, natural fertilizers, and products like kelp, micronutrients, molasses, and inoculum containing endo- and ecto-mycorrhizae fungi.

#### Holistic Termite Control

Termites can cause severe structural damage to homes and buildings. NaturePest offers holistic termite control solutions that include:

Inspection and Monitoring: Thorough inspections to detect termite activity and damage.

Eco-Friendly Treatments: Using environmentally safer treatments to eliminate termites and protect structures.

Prevention and Maintenance: Implementing preventive measures to safeguard properties from future termite infestations.

#### Natural Mosquito Control

Mosquitoes are not only a nuisance but also a health risk due to their ability to transmit diseases. NaturePest provides natural mosquito control solutions that include:

Integrated Management: Combining traditional pyrethroid and IGR misting with revolutionary ATSB (Attractive Toxic Sugar Bait), In2Care mosquito traps, and Inzecto mosquito traps.

Customized Solutions: Offering the only 100% customizable mosquito service in South Florida to ensure total comfort in outdoor living spaces.

#### Commitment to Safety and Environmental Responsibility

At NaturePest, the commitment to safety and environmental responsibility is at the core of our services. Our holistic pest control methods are designed to minimize the use of chemical pesticides, focusing on prevention, sanitation, and the use of natural and biological controls. This approach meets or exceeds the standards set by the U.S. Green Building Council (USGBC) for safety and effectiveness.

"We understand the importance of maintaining a pest-free environment without compromising the health and safety of our clients and the planet," said Franklin. "Our methods are designed to protect both people and nature, ensuring that our clients receive the highest level of service with the least environmental impact."

### Serving the Entire Pembroke Pines Community

NaturePest is proud to serve all the zip codes in Pembroke Pines, including 33023, 33024, 33025, 33026, 33027, 33028, 33029, 33082, 33084, 33331, and 33332. Whether you are a homeowner seeking to protect your property from pests or a business looking for reliable pest management services, NaturePest is here to help.

### About NaturePest

Founded in 2014, NaturePest has become a trusted name in holistic pest control across South Florida. Our mission is to provide safer, effective, and environmentally friendly pest management solutions that protect health and property. With a focus on integrated pest management (IPM) and the use of natural and botanical options, we strive to deliver exceptional service and results to our clients.
