

# Perth Clinic Launches Advanced Laser Hair Removal Service for Long-Lasting Smooth Skin

*B Fabulous launches advanced laser hair removal in Perth, offering effective and lasting hair reduction for smooth, hair-free skin.*

PERTH, WESTERN AUSTRALIA,  
AUSTRALIA, June 20, 2024

/EINPresswire.com/ -- [B Fabulous Cosmetic and Skin Treatments Perth](#) is excited to announce the launch of its advanced laser hair removal service, bringing cutting-edge technology and professional expertise to those seeking effective and long-lasting hair reduction solutions.

Located just 15 minutes from Perth, on the corner of Stock Road and Leach Highway, B Fabulous is a state-of-the-art clinic equipped with the latest in skin treatment technology. The clinic is designed to offer a modern, spacious, and private setting, ensuring a relaxed and welcoming atmosphere for all clients.

The newly introduced laser hair removal service at B Fabulous utilizes the Soprano Titanium machine, which is renowned for its combination of the three most effective laser wavelengths into one treatment. This innovative approach targets different tissue depths and anatomical structures within the hair follicle, providing quicker, more efficient results compared to traditional methods.

The Soprano Titanium's large spot size allows for large surface areas to be treated quickly and virtually painlessly, making full-body treatments fast and convenient. Additionally, the Soprano

Titanium can treat blonde hair, tanned skin, and finer hairs, eliminating the need to scrub off your tan before a laser session.

B Fabulous Cosmetic and Skin Treatments ensure that all services are delivered by highly trained and qualified professionals. Each treatment includes free and ongoing nurse consultations, offering clients continual support and guidance throughout their aesthetic journey. The clinic's team is dedicated to helping clients achieve their desired results safely and effectively, regardless of age, gender, or skin type.

"At B Fabulous, we believe that everyone should have the opportunity to look and feel fabulous," says Bertha Tallon, Clinic Director and Cosmetic Nurse. "Our advanced laser hair removal service is designed to provide clients with a comfortable and effective solution for long-lasting smooth skin."

The clinic also offers a comprehensive range of other cosmetic and skin treatments. These include wrinkle-reducing and volume-enhancing treatments, facial treatments, chemical peels, skin needling, rejuvenation, light therapy, and more. Each treatment is tailored to address various skin concerns, such as aging, acne, scarring, pigmentation, and blemishes.

In addition to the advanced laser hair removal service, B Fabulous Cosmetic and Skin Treatments Perth provides clients with access to high-quality skincare products from renowned brands like Aspect DR and Skinbetter Science. These products are available for purchase, allowing clients to continue their skincare journey at home with effective and trusted solutions.

The launch of the advanced laser hair removal service underscores B Fabulous's commitment to

delivering innovative and high-quality cosmetic and skin treatments to the Perth community. With a focus on client satisfaction and safety, the clinic aims to set a new standard in the industry.

For more information or to book an appointment, visit the B Fabulous Cosmetic and Skin Treatments website or contact the clinic directly.
