

Hogeye Launches Farm & Ranch Camera System, Elevates Safety and Security

Wildlife Dominion Management announces the HogEye Farm & Ranch Camera System, which enhances security and provides ultimate control over your property gate.

STARKVILLE, MS, OKTIBBEHA, June 18, 2024 /EINPresswire.com/ -- Wildlife Dominion Management is proud to announce the launch of the HogEye Farm & Ranch Camera System, a solution designed to enhance security and provide control over a property's gate access.

Revolutionizing Property Security

The HogEye Farm & Ranch Camera System seamlessly integrates with a landowner's existing electric gate, providing an innovative approach to property security without Wi-Fi. This advanced system empowers landowners to manage and monitor their property remotely, ensuring that only authorized visitors can gain entry.

Key Features:

- Operates without the need for internet access, making it ideal for remote locations
- Grant or revoke property access from

HOG EYE
FARM AND RANCH

HogEye Farm & Ranch Camera gives you added control over your electric gate, without the need for a wifi connection.

HogEye Farm and Ranch Camera System Mobile App gives you unlimited video surveillance of your ga

anywhere using a smartphone

- Mult-gate management from a single app with unique logins for each user
- No code sharing required which mitigates security risks
- Integrates with any electric gate, remote, or sensor
- Enhanced monitoring with real-time notifications, pictures, and video of gate activity
- Set specific times for gate to open and close
- Available in both AC and solar-powered configuration

Easy to Use

The HogEye Farm & Ranch Camera System's user-friendly design provides peace of mind to landowners. The system is ideal for managing gate access for deliveries, short-term projects, or everyday security, offering the flexibility and reliability landowners want and need.
