

GoCo Named “Overall HR Solution Provider of the Year” By RemoteTech Breakthrough

Annual Awards Program Recognizes Innovation in the Global Remote Technology Industry.

HOUSTON, TX, USA, June 24, 2024 /EINPresswire.com/ -- GoCo, a leading provider of innovative HR technology, today announced it has been named “Overall HR Solution Provider of the Year” in the 5th Annual RemoteTech Breakthrough Awards conducted by RemoteTech Breakthrough, a leading independent market intelligence organization that evaluates and recognizes standout technology companies, products and services empowering remote work and distributed teams around the globe.

GoCo is a modern HR platform designed for small and mid-sized businesses to simplify HR tasks and enhance productivity. GoCo’s mission is to empower HR teams to streamline workflows and focus on building happier, more efficient teams.

Innovative Features for Seamless Remote & Hybrid Work

GoCo’s platform and employee self service tools empower remote workers to manage HR seamlessly from anywhere. The user-friendly workflow builder allows organizations to automate and standardize any HR process, policy, or checklist, and remote workers can start workflows or complete tasks from any device, anywhere.

GoCo makes it simple to navigate organizational structures seamlessly through the interactive org chart and directory. With instant search functionality and real-time updates, remote workers can easily locate team members or departments regardless of physical distance.

The streamlined onboarding experience eliminates paperwork-heavy processes and helps new hires easily enter their information, complete tasks, and sign documents from any device.

GoCo also simplifies benefits administration by offering online enrollment, ACA compliance, carrier integrations, and more. Team members can complete benefits enrollment by comparing plan details, cost, and whether or not to enroll dependents. Employee self-service tools empower remote workers to manage benefits, and the benefits preview feature helps organizations attract talent by showcasing their offerings during recruitment.

Dedicated Client Support and Accessibility

GoCo assigns a dedicated US-based team for every client at each stage of the process and throughout their time as a client. Specialists are dedicated to each facet of the platform and to training, with services including group training, private one-on-one sessions, or training new client administrators. With the mobile app, remote workers can access anything related to HR from anywhere at any time.

Commitment to Automation and Personalization

“Automation and efficiency are key pillars of GoCo's HR capabilities, but we also highly prioritize a personalized approach. Our commitment is to deliver best-in-class solutions and unparalleled customer service to our clients, which means developing tools that HR professionals need to support their remote workforce,” said Nir Leibovich, Co-Founder and CEO at GoCo. “We’re incredibly grateful to RemoteTech Breakthrough for this award and we’ll continue to address the unique needs of our customers, creating experiences and resources that engage remote workers so they can thrive in the modern workspace.”
