

# Bodhi Debuts Integration with Lutron's myRoom XC at HITEC 2024

*Bodhi, the leader in cloud-based hospitality technology, now integrates with Lutron's cutting-edge myRoom XC. This integration debuts at HITEC 2024 June 24-27.*

FORT LAUDERDALE, FLORIDA, UNITED STATES, June 21, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- [Bodhi, the leading cloud-based hospitality technology company](#), is excited to announce a new integration with Lutron's cutting-edge myRoom XC system. This integration will debut at HITEC 2024 in Charlotte, NC, from June 24-27.

Lutron Electronics, a pioneer in lighting control solutions, offers myRoom XC, a cloud-connected evolution of their successful myRoom control system designed to elevate guest experiences with advanced in-room controls.

“

Along with a centralized dashboard, the solution empowers management teams to ensure adaptability, personalization, and sustainability for the property's evolving needs.”

*Ana Maria Huertas-Iragorri,  
Lutron Global Hospitality  
Sales Director*

Bodhi's industry-exclusive [Guest Web App](#) allows guests to control the Lutron system seamlessly from their phones, without the need for any additional apps or configurations. Through a simple text message received upon check-in, guests gain access to comprehensive in-room controls, including lighting, motorized window treatments, mobile entry, housekeeping requests, TV control, reservation bookings, room service, and more.

This collaboration marks a significant milestone in the convergence of hospitality technology through the cloud, enabling guests to seamlessly integrate into the experience

by making room control as easy as opening a webpage.

## Key Features of the Bodhi and Lutron Integration:

- **Guest Control:** Guests can manage their room's lighting, shades, and entertainment systems directly from their phone.
- **Enhanced Convenience:** The Bodhi Guest Web App adds keyless entry, guest service requests, and advanced communication options in guestrooms and throughout the property.
- **Seamless Integration:** Works in concert with Lutron and other hotel services, providing a unified experience.

The logo for Bodhi, featuring the word "bodhi" in a lowercase, bold, sans-serif font. The logo is centered within a white rectangular area that is enclosed by a thick black border.

Bodhi is a cloud-based platform that controls, schedules and manages virtually all of the technology installed in hotels, resorts, offices, homes, and multi dwelling unit residential developments (MDUs).

"The new Lutron hospitality solution leverages cutting-edge technology to connect the entire building under unparalleled cloud-based lighting management. Locks, climate control, and property management systems integrate seamlessly to simplify control across your portfolio. Along with a centralized dashboard, the solution empowers management teams to ensure adaptability, personalization, and sustainability for the property's evolving needs," remarks Ana Maria Huertas-Iragorri, Lutron Global Hospitality Sales Director.

Find out how you can revolutionize the guest experience with the very best in technology, enhancing guest comfort, convenience, and control while optimizing energy consumption.
