A Comprehensive Suite of QME Services

Spectrum Eval provides a [complete series of QME services](#) to support Physicians in their med-legal journeys. One of its important segments is strategic analysis, where its experts help the clients in building customized strategies, keeping a view of market opportunities and goals. Through a system of its own design, the company works to position clients in the busiest spots in

the office with its office placement and management service, thus improving their practice efficiency. Furthermore, Spectrum Eval's team handles schedule management, evaluation coordination, and DWC compliance, relieving clients of administrative burdens and allowing them to concentrate on conducting evaluations.

QME Training Systems and Modules

Spectrum Eval offers a full range of training courses for those interested in becoming a QME, including QME Training, Report Writing Training, and an In-Depth California Med-Legal Law Review and Application.

Record Digitization and Initial Clerical Excerpt of Medical Records

Spectrum Eval digitizes and stores all essential medical records and data so that Doctors can easily access them. Their unique platform supports a quick review of the raw records, optimizing the way you access consumer and other vital medical data. This digital access ensures that you have immediate, convenient, and orderly access to the information required to conduct successful and productive med-legal evaluations.

Transcription - Dictation System

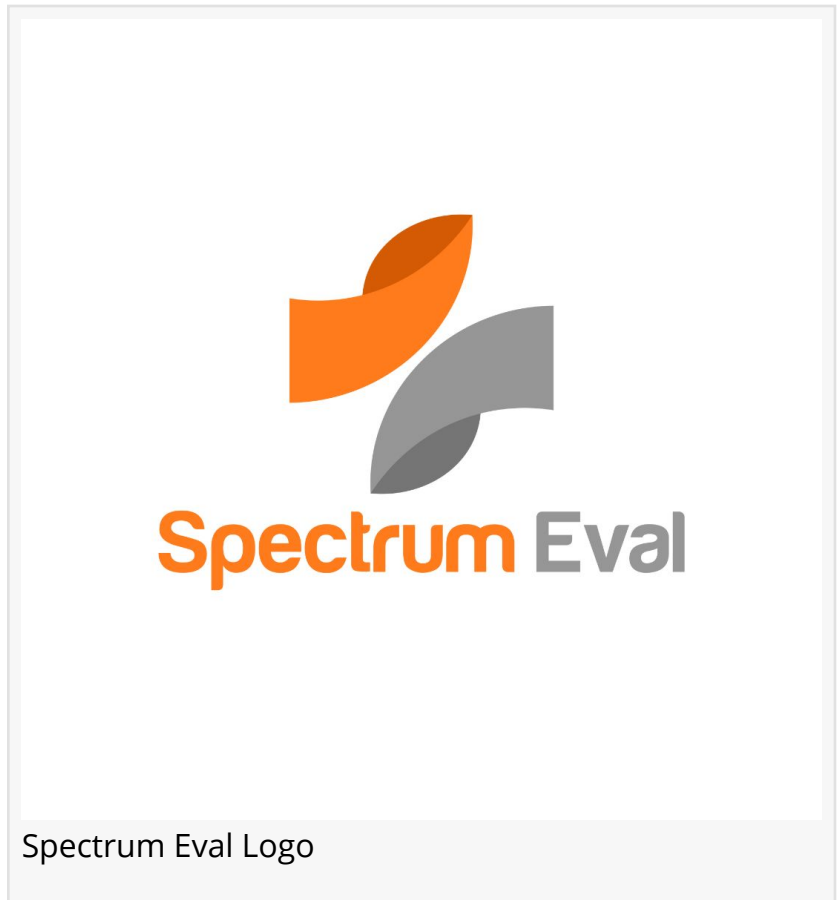

Spectrum has developed a precise dictation system that allows a doctor to effectively and efficiently dictate a QME report.

Expert Med-Legal Consultants

Each physician is provided with a dedicated Administrator and Med-Legal Consultant to guide them through the process. Certified Impairment Rating Specialists and Med-Legal Consultants ensure final reports meet the highest standards of accuracy and legal compliance.

Bill Review

Spectrum Eval meticulously reviews all submitted bills for accuracy and compliance with legal requirements.

Collections

In-house bill collectors, all based in California, work diligently to ensure timely compensation, boasting one of the quickest collection times in the industry.

All-Inclusive Fee Coverage

Spectrum Eval covers all fees, including renewals, continuing education, office listings, and any other fees assessed by the DWC, eliminating hidden physician costs.

Expansion of Professional Network

Spectrum Eval's professional network offers physicians opportunities to explore diverse Med-Legal avenues like IME, AME, SIBTF, Expert Witness, and more.

Empowering Orthopaedic Surgeons with a Comprehensive Solution

Spectrum Eval's revolutionary platform and comprehensive QME services provide Orthopaedic Surgeons with an unparalleled solution to streamline their workflow, enhance clinical decision-making, and maximize their QME practice's efficiency and success. The company also plans to conduct a large-scale clinical outcome study later this year.
