

# APackaging Group (APG) to Launch Made-in-USA Trigger Sprayers in Q2 2025

AZUSA, CALIFORNIA, UNITED STATES, June 19, 2024 /EINPresswire.com/ -- [APackaging Group \(APG\)](#), a leading name in private label cosmetics, cosmetic manufacturing, and contract manufacturing, proudly announces the upcoming launch of its [new line of trigger sprayers](#), to be produced in the United States. This strategic expansion highlights APG's commitment to innovation, sustainability, and meeting diverse client needs with customizable solutions.

Set to commence production in Q2 2025, the trigger sprayers will be manufactured at APG's Defiance, Ohio facility. This new manufacturing line is designed to offer a variety of styles, sizes, and use-case options, ensuring a perfect match for every customer requirement. With an impressive annual production capacity exceeding 600 million pieces, APG stands ready to deliver high-quality products with exceptional efficiency.

"We are excited to bring our new trigger sprayers to the market," said Hannah Palese, Director of Communication at APG. "This initiative not only enhances our product portfolio but also reaffirms our commitment to sustainable and eco-friendly manufacturing practices."

Ryan Huang, Director of Marketing at APG, added, "Our clients demand the best, and we are dedicated to exceeding their expectations. The launch of our U.S.-made trigger sprayers exemplifies our relentless pursuit of quality and innovation in the cosmetic manufacturing industry."

APG's trigger sprayers are fully customizable, offering a wide range of colors and decorative options such as hot-stamping and color matching. Customers can choose from various shroud, spray, and housing styles to perfectly complement their brand aesthetic. The sprayers come with multiple closure options, including 28/410, 28/400, and 28mm Ratchet, ensuring compatibility
