

The World's Premier 4-in-1 Large 4K Hybrid Rolling Display with Wheels: INNOCN Rolling Display 32S1U Pro

Transforming Workspaces with Superior Mobility, Stunning Visuals, and Smart Functionality

SHENZHEN, CHINA, June 20, 2024 /EINPresswire.com/ -- [INNOCN](#), a pioneer in cutting-edge display technology, is thrilled to announce the debut of the INNOCN [32S1U Pro](#) 4K Touchscreen Movable Monitor. This state-of-the-art monitor is poised to transform users' engagement with digital environments, blending superior image quality, versatile mobility, and intelligent features to boost productivity and entertainment experiences. Originally priced at \$1499.99, it is now available for an introductory price of \$999.99 with a \$500 discount using the code: 32D4U4KM. This innovative smart screen surpasses traditional color TVs and tablets, offering a portable and interactive solution.

The INNOCN 32S1U Pro boasts a stunning 32-inch 4K UHD display, delivering crisp, vibrant visuals with a resolution of 3840 x 2160 pixels. This advanced screen technology ensures precise color accuracy and sharp detail, making it ideal for a variety of app

The INNOCN 32S1U Pro boasts a stunning 32-inch 4K UHD display, delivering crisp, vibrant visuals with a resolution of 3840 x 2160 pixels. This advanced screen technology ensures precise color accuracy and sharp detail, making it ideal for a variety of applications, from professional graphic design and video editing to immersive gaming and streaming.

One of the standout features is its unique movable design. Equipped with a versatile stand and smooth-rolling wheels, the monitor can be effortlessly relocated to different areas of a workspace or home. This mobility allows users to create dynamic, adaptable environments, whether for collaborative meetings, personal workstations, or entertainment hubs.

This is not just a monitor; it's a smart device. With integrated Wi-Fi and Bluetooth capabilities, users can connect various peripherals and enjoy seamless wireless functionality. The monitor

also features built-in speakers, a remote control, and multiple connectivity options, including HDMI, USB-C, and DisplayPort, ensuring compatibility with a wide range of devices.
