Increasing Adoption of Cloud-Based Solutions Propels Market Growth

The increasing adoption of cloud-based solutions is a significant factor contributing to the growth of the spend analysis software market. Cloud-based solutions provide adaptable and scalable tools for various purposes, facilitating remote work and collaboration. For instance, according to Eurostat, 45.2% of EU enterprises procured cloud computing services in December 2023, with large

enterprises showing a 77.6% adoption rate. This trend is driving the growth of the spend analysis software market.
