TAGTHAi with no additional fees, and enjoy multiple benefits from various merchants. This collaborative effort aims to raise the bar of the seamless Thai tourism experience, promote the Thai tourism industry, and advance the Thai business sector to ensure shared sustainable growth.

Ms. Kattiya Indaravijaya, KBank Chief Executive Officer, said, "Thailand is among the most sought-after travel destinations by tourists worldwide. According to KResearch's projections, more than 36 million international

tourists are expected to visit Thailand in 2024. Recognizing the importance of promoting sustainable growth in the Thai tourism industry, KBank has teamed with the TAGTHAi application

in developing the PAY&TOUR which is a prepaid card and e-wallet, integrated with the TAGTHAi EASY PAY e-wallet, making it the first service of its kind available to foreign tourists in Thailand. The initiative operates under the concept of "Pay with Ease, Tour with Joy," in line with spending behavior of tourists worldwide amid the transition towards a cashless society. Additionally, the PAY&TOUR prepaid card allows international tourists to spend as conveniently as Thais, including swiping, tapping, making payments via card, scanning through Thai QR, and withdrawing cash from KBank ATMs. Aside from boosting foreign tourists' spending during their stay in Thailand, this card has been designed to help local merchants and entrepreneurs with Thai QR payment increase sales, especially small merchants who might otherwise find it difficult to accept payment from foreign tourists. This initiative also aims to advance the Thai tourism industry."

Mr. Kalin Sarasin, Honorary Chairman of the Thai Chamber of Commerce and Board of Trade of Thailand, as well as Chairman of the Management Committee of Thai Digital Platform Social Enterprise Company Limited and co-founder of the TAGTHAi application, said, "Presently, TAGTHAi has been
