

Furniture Paint Market Set for Strong Growth, Projected to Reach \$12.83 Billion by 2028

The Business Research Company has updated its global market reports with latest data for 2024 and projections up to 2033

LONDON, GREATER LONDON, UK, June 20, 2024 /EINPresswire.com/ -- The [furniture paint market size](#) has grown strongly in recent years, increasing from \$9.66 billion in 2023 to \$10.20

billion in 2024 at a compound annual growth rate (CAGR) of 5.6%. This growth can be attributed to shifts in consumer preferences towards eco-friendly products, changes in interior design and color trends, stricter environmental regulations and safety standards, the expansion of furniture manufacturing and retailing across borders, and the growth of the do-it-yourself (DIY) culture.

The furniture paint market size is expected to see strong growth in the next few years. It will grow to \$12.83 billion in 2028 at a compound annual growth rate (CAGR) of 5.9%."

The Business Research Company

The [furniture paint market](#) is expected to continue its strong growth, reaching \$12.83 billion in 2028 at a CAGR of 5.9%. This future growth is driven by consumer preference for customization, rapid urbanization, increasing construction activities, a rise in renovation and remodeling projects, and the proliferation of e-commerce channels. Key trends during this period include water-based paints, advancements in nanotechnology and smart coatings, eco-friendly formulations, trends in interior design and home decor, and technological innovations.
