

DerScanner Participates in Delphi Day Italy to Support Local Developer Community

DerScanner showcased their tool at Delphi Day Italy by Wintech Italia, with 130 developers.

PIACENZA, ITALY, June 21, 2024 /EINPresswire.com/ -- [DerScanner](#), a leading provider of static analysis solutions, proudly participated in Delphi Day Italy, an event organized by [Wintech Italia](#) on June 11 2024 that gathered 130 developers from across the region. The event featured seven sessions, with one dedicated to the application security of Delphi projects.

At Wintech Italia, we are always seeking new innovations in the Delphi world, and DerScanner is one of the tools we're excited to bring to the market."

Paolo Rossi, CTO of Wintech Italia

During this session, Paolo Rossi, CTO of Wintech Italia, showcased DerScanner, a premier static analysis tool supporting Delphi, Pascal, and 41 other popular programming languages. The DerScanner team expressed deep appreciation for Wintech Italia's efforts in educating and developing the Delphi community. They look forward to continued collaboration to enhance the safety of Delphi projects and to educate developers on the best application

security practices.

Paolo Rossi, CTO of Wintech Italia, said, "The DerScanner session was warmly welcomed by the participants, and we believe it will spark more interest in the product. At Wintech Italia, we are always seeking new innovations in the Delphi world, and DerScanner is one of the tools we're excited to bring to the market."

Andy Dankevich, CMO of DerScanner, remarked, "Having such a reliable partner as Wintech Italia is essential to our business. We're thrilled to continue our cooperation and deeply value Paolo's expertise and experience. We are committed to the success of every Delphi developer and believe we can bring more value and security to the community."

About Wintech Italia
