

Healthcare Information System Market Growth Analysis With investment opportunities

The Business Research Company's Healthcare Information System Global Market Report 2024 – Market Size, Trends, And Global Forecast 2024-2033

LONDON, GREATER LONDON, UK, June 21, 2024 /EINPresswire.com/ -- The [healthcare information system \(HIS\) market](#) has experienced significant growth, with projections indicating a rise from \$379.98 billion in 2023 to

\$423.53 billion in 2024, at a compound annual growth rate (CAGR) of 11.5%. It will grow to \$643.82 billion in 2028 at a compound annual growth rate (CAGR) of 11.0%. This expansion is fueled by various factors including government initiatives, increasing healthcare costs, interoperability demands, patient-centric care, and concerns over data security and privacy.
