

# Global ODBC Market Overview and statistic For 2024-2033

*The Business Research Company's ODBC Global Market Report 2024 – Market Size, Trends, And Market Forecast 2024-2033*

LONDON, GREATER LONDON, UK, June 21, 2024 /EINPresswire.com/ -- The

open database connectivity (ODBC) market has witnessed exponential

growth in recent years, with a projected increase from \$1.50 billion in

2023 to \$1.80 billion in 2024, representing a compound annual growth rate (CAGR) of 20.0%. This

growth is fueled by various factors such as the rise of relational databases, cross-platform compatibility, integration requirements, the internet boom, and regulatory compliance.

## Drivers of Market Growth

The rising adoption of cloud-based services is a significant driver propelling the growth of the ODBC market. Cloud-based services offer computing services over the internet from remote servers, providing convenient and secure access to work data and applications. ODBC plays a crucial role in enabling applications to connect to and interact with databases hosted in the cloud, thus leveraging the

benefits of cloud computing while maintaining standardized database interfaces.

Explore comprehensive insights into the global ODBC market with a detailed sample report:

## Market Outlook

The ODBC market is expected to experience rapid growth in the coming years, reaching \$3.67 billion by 2028, with a CAGR of 19.5%. This growth is attributed to increased cloud adoption, big data and analytics growth, internet of things (IoT) integration, cybersecurity concerns, and edge computing. Major trends in the forecast period include cloud integration, big data and analytics, integration with IoT, AI-driven ODBC optimization, and hybrid and multi-cloud connectivity.

## Key Players and Market Trends

Major companies operating in the ODBC market, such as Alphabet Inc, Microsoft Corporation, and Oracle Corporation, are focusing on developing innovative solutions to meet the growing demand for ODBC. For example, Amazon Web Services Inc. launched an open-source ODBC driver that provides a structured query language (SQL)-relational interface for developers, enabling connectivity from various business intelligence (BI) tools.

## Segments of the ODBC Market

The ODBC market covered in this report is segmented –

- 1) By Operating System: Windows, macOS, Linux, Other Operating Systems
- 2) By Deployment: Cloud, On-Premise
- 3) By Application: Marketing And Collaboration, Big Data And NOSQL, Customer Relationship Management (CRM) And Enterprise Resource Planning (ERP), File And Application Programming Interface (API), Accounting, E-Commerce, Relational Database Management System (RDBMS)
- 4) By End-User: Manufacturing, Banking, Financial Services, And Insurance, Government, Information Technology and Telecommunication, Electronics, Healthcare, Automotive, Other End Users

## Regional Insights

North America led the ODBC market in 2023, with Asia-Pacific expected to be the fastest-growing region in the forecast period. The comprehensive report provides detailed insights into regional dynamics, market trends, and growth opportunities.

[ODBC Global Market Report](#) 2024 from TBRC covers the following information:

- Market size data for the forecast period: Historical and Future
- Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

Trends, opportunities, strategies and so much more.

The ODBC Global Market Report 2024 by The Business Research Company is the most comprehensive report that provides insights on [ODBC market size](#), ODBC market drivers and trends, ODBC market major players, competitors' revenues, market positioning, and market growth across geographies. The ODBC market report helps you gain in-depth insights on opportunities and strategies. Companies can leverage the data in the report and tap into segments with the highest growth potential.
