

# Visceral Pain Treatment Market Growth Analysis With investment opportunities

*The Business Research Company's  
Visceral Pain Global Market Report 2024  
– Market Size, Trends, And Global  
Forecast 2024-2033*

LONDON, GREATER LONDON, UK, June 21, 2024 /EINPresswire.com/ -- The visceral pain treatment market has shown robust growth in recent years, expanding from \$12.87 billion in 2023

to an estimated \$13.84 billion in 2024, at a compound annual growth rate (CAGR) of 7.6%. This growth trajectory is driven by factors such as an aging population, increased prevalence of chronic diseases, advancements in medical research, expansion of healthcare infrastructure, and heightened awareness and diagnosis rates.

### Major Players and Market Trends

Key players driving innovation in the visceral pain treatment market include prominent pharmaceutical companies such as Walgreens Boots Alliance Inc., Pfizer Inc., Johnson & Johnson Services Inc., and F. Hoffmann-La Roche Ltd. These companies are actively developing new therapies and expanding their portfolios to address diverse patient needs.

In a notable move, Ardelyx introduced IBSRELA, an NHE3 Inhibitor drug, in April 2022. Designed to treat irritable bowel syndrome with constipation (IBS-C), IBSRELA targets visceral hypersensitivity and intestinal permeability, effectively reducing abdominal pain.

### Key Trends Shaping the Future of Visceral Pain Treatment

In the upcoming years, the market is witnessing a shift towards multimodal pain management approaches, an increasing emphasis on alternative therapies, and the development of targeted therapies tailored to specific types of visceral pain. Moreover, the integration of telemedicine and artificial intelligence in pain assessment is expected to further revolutionize treatment paradigms.

### Market Segments

The visceral pain treatment market is segmented based on:

- Drug Class: Calcium Channel Blockers, Nonsteroidal Anti-Inflammatory Drugs (NSAIDs), Other Drug Classes
- Indications: Interstitial Cystitis, Crohn's Disease, Irritable Bowel Syndrome, Chronic Prostatitis, Other Indications
- End Users: Hospitals, Homecare, Specialty Clinics, Other End Users

### Regional Insights: North America Leads the Market

North America emerged as the largest region in the visceral pain treatment market in 2023, driven by robust healthcare infrastructure and high adoption rates of advanced medical technologies.
