

AME International Launches New Portable Tire Press for Industrial Tires

AME Intl. launches new Portable Tire Press for industrial tires compatible with various sizes and easy to use, enhancing service efficiency for dealers.

UNITED STATES, June 21, 2024

/EINPresswire.com/ -- AME

International, a global leader in tire service tools and equipment, announces the release of its new Portable Tire Press for industrial tires

[\(Product Number 71750\)](#). Originally

designed for Michelin Tubeless Bead Seal tires, this versatile tool now supports a wide range of multipiece industrial tire assemblies, including 8", 10", and 12" applications.

“

This new twist on an old solution will pay dividends to any dealer servicing these assemblies.”

*Keith Jarman, President of
AME International*

Key Features:

- Versatile Use: Compatible with various industrial tires.
- Multiple Plate Sizes: Includes plates for 8”, 10”, and 12” tires.
- User-Friendly: Easy assembly and operation.

“The launch of the Portable Tire Press exemplifies AME International's mission to innovate and provide high-quality solutions that address the needs of our diverse

customer base,” said Keith Jarman, President of AME International. “Industrial tires are still a small part of most commercial dealers overall business, but more dealers are handling them. This new twist on an old solution will pay dividends to any dealer servicing these assemblies.”
