Impact of Increasing Disposable Income

The growth of the [recreational off-highway vehicles market](#) is also influenced by increasing disposable incomes. Higher disposable incomes lead to increased spending on leisure activities, which in turn drives demand for ROVs. For example, in October 2023, the disposable personal income per capita in the United States rose to \$60,898, up from \$60,738 the previous month and \$57,215 the previous year. This trend indicates a positive outlook for the ROV market, as consumers are more likely to invest in recreational vehicles for their leisure activities.

Key Players and Market Trends

Major companies driving innovation in the ROV market include Honda Motor Co. Inc., John Deere GmbH & Co., Suzuki Motor Corporation, and Yamaha Motor Co. Ltd. These companies are focused on developing innovative products to enhance performance, durability, and user experience. For instance, Polaris Inc. recently unveiled its 2024 snowmobile and snow bike portfolio, featuring new rider-driven innovations and accessories for enhanced performance and customizability.
