Growing Awareness and Aging Population Drive Market Growth

Public health campaigns and rising awareness of periodontal health are significant factors propelling the periodontal market. Periodontal diseases like gingivitis and periodontitis can lead to tooth loss if left untreated. An aging population is also contributing to market growth, as older adults are more susceptible to periodontal disease.

Major Players and Market Trends

Leading companies in the periodontal market, such as Novartis and 3M, are actively developing innovative solutions, including educational apps, to enhance patient education and engagement. For instance, OraPharma, a US-based oral health product developer, launched MyPerioHealth App in October 2021. This first-of-its-kind app allows dental professionals and patients to easily understand periodontal disease stages on a digital platform at the point of care. The app aligns with the American Academy of Periodontology's (AAP) Periodontal Staging and Grading Guidelines.

Segments Driving the Market

The periodontal market is segmented by various factors:

- By Product: Diagnostic Instruments, Treatment Instruments, Surgical Instruments
- By Procedures: Scaling And Root Planing, Gum Grafting, Regenerative Therapy, Dental Crown Lengthening, Periodontal Pocket Procedures, Single Tooth Dental Implants, Multiple Tooth Dental Implants
- By End User: Hospitals, Dental Clinics, Group Dental Practice, Ambulatory Surgical Centers

North America Leads, Asia-Pacific Poised for Fastest Growth

North America was the dominant region in the periodontal market in 2023. However, Asia-Pacific is expected to witness the fastest growth in the coming years. The regions covered in this market report include Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, and Africa.
