

FLAVORx and Lovell Announce Partnership to Increase Access to Fillmaster Systems for VA, DoD

PENSACOLA, FL, UNITED STATES, June 25, 2024 /EINPresswire.com/ -- Lovell® Government Services and FLAVORx, a leading provider of purified water dispensers for pharmacies, announced today that they have partnered to serve federal healthcare systems such as the Veterans Health Administration (VHA), the Military Health System (MHS), and the Indian Health Service (IHS). Lovell Government Services will serve as FLAVORx's Service-Disabled Veteran-Owned Small Business (SDVOSB) vendor to serve these customers through federal contracting systems.

The Fillmaster Pro UV fully automates reconstitution to make preparing liquid prescriptions more efficient, leaving pharmacy staff with more time to focus on patient care. The dispenser pairs integrated UV filtration technology with a Reverse Osmosis water purification system to ensure prescriptions are filled with safe, high-quality water that's free from contaminants.

“

This partnership will help open a critical channel to allow us to provide innovative water dispensing solutions to our pharmacy customers.”

Stuart Amos, President and CEO of FLAVORx and Fillmaster Systems

As FLAVORx's SDVOSB Vendor, Lovell is excited to bring this product to federal healthcare providers. FLAVORx's Fillmaster UV system is now available on the Department of Veterans Affairs' Federal Supply Schedule (FSS), GSA Advantage, and the Defense Logistics Agency's Electronic Catalog (ECAT). Listing products on contract vehicles with

Lovell streamlines the acquisition process while helping government agencies meet their SDVOSB procurement goals.

"We are thrilled to join forces with FLAVORx to represent the Fillmaster Pro UV system on our contract vehicles. Having the Fillmaster Pro UV on the Government's ECAT, FSS, and GSA

contracting platforms is going to make a huge difference in the customer experience and streamline purchasing,” said Chris Lovell, Major, USMC (Ret.), CEO of Lovell Government Services.

“We are excited to partner with Lovell Government Services. Their expertise within the contracting space has been invaluable, and this will no doubt enhance the procurement process for many federal agencies. This partnership will help open a critical channel to allow us to provide innovative water dispensing solutions to our pharmacy customers,” said Stuart Amos, President and CEO of FLAVORx and Fillmaster Systems.

About FLAVORx and Fillmaster Systems

Since 1992, FLAVORx and Fillmaster Systems have been providing pharmacies with purified water dispensers that automate the process of reconstituting liquid medications. Currently over 24,000 pharmacies in the United States and Canada use systems from FLAVORx and Fillmaster to improve pharmacy workflow and patient care. In addition to purified water dispensers, FLAVORx also offers pharmacies flavoring systems that make it easier for children to take liquid medication.
