President*

through relentless innovation, enabling our clients to swiftly reap the benefits of our professional services. By integrating our advanced technology and modern practices into our packaged offerings, we ensure our customers realize unparalleled value at remarkable speed” said Martin Rajotte, President at InCycle. “This award and industry recognition truly reflects the dedication of our team and the amazing success of our customers” he continued.

The Microsoft Americas Partner of the Year Awards acknowledge Microsoft partners who have created and

delivered exceptional Microsoft-based solutions, services, and devices in the past year. The award selections are categorized, with honorees selected from a pool of over 2,000 submitted nominations, InCycle Software was recognized for providing outstanding solutions and services

in Infra & App Innovation. Specifically, InCycle's Innovation Accelerator, entirely based on Microsoft technologies, accelerates the [modernization of applications](#) and empowers customers to rapidly discover and [implement AI strategies](#) that align with business and IT goals. This accelerator is purpose-built to enable [platform engineering](#), allowing for the swift expansion of solutions across the enterprise.

"It is with great excitement that we celebrate the winners and finalists of the 2024 Microsoft Partner of the Year Awards!" said Nina Harding, Corporate Vice President, Americas Global Partner Solutions. "These incredible partners showcased their innovation and collaboration which have fostered customer success, AI and CoPilot activation, and transformed businesses on the Microsoft Cloud."

The Microsoft Partner of the Year Awards will be announced at the Americas Start for Partners, a digital event, which will take place on July 12th this year.
