

vCare Companion Welcomes Jack Hill as VP of Customer Success for Central U.S.

PORTSMOUTH, NEW HAMPSHIRE, UNITED STATES, June 25, 2024 /EINPresswire.com/ -- [vCare Companion](#) is pleased to announce the addition of Jack Hill to our growing team of healthcare professionals. Jack Hill will provide services to vCare Companion as Vice President of Customer Success for the Central U.S., bringing with him extensive experience and a compassionate commitment to the Senior Care community.

The healthcare sector is grappling with a critical staff shortage, a problem that worsens daily and is expected to persist. Jack Hill's expertise in providing healthcare solutions aligns perfectly with vCare Companion's mission. His role will focus on addressing this pressing issue through the implementation of vCare's autonomous Gen AI care companion robot.

"The thing that excites me the most about vCare Companion," said Jack Hill, "is the capacity of Gen AI-driven robotics to relieve pressure on an overworked and understaffed clinical team. No other company is as focused on providing real solutions with immediate benefits to address this extremely important issue."

Jonathan McCoy, CEO of vCare Companion, commented, "Jack's skill set and experiences, and most importantly, his compassion to help, will be a great benefit to our clients and prospects. vCare brings immediate benefit to many in healthcare, and this is a message Jack will be bringing to the Central USA Region. He is part of a strong clinical and technical team dedicated to outstanding results for our clients."

vCare Companion is addressing the acute labor challenges facing healthcare and senior living today by combining the latest in robotics, sensors, and generative AI built around use cases driven by our customers. We build and deliver what is needed today, driving immediate benefits

Jack Hill - VP of Customer Success for Central U.S.

and returns for all involved. Together, our solutions increase the effectiveness of providers, improve patient and resident outcomes, and project a positive, sustainable, and equitable future for healthcare and senior living now.
