## Growth driver of the snail beauty products market

The growing demand for natural and organic skincare is expected to propel the growth of the snail beauty products market going forward. Natural and organic skincare refers to products formulated with ingredients sourced directly from nature, such as plants, minerals, and sometimes animal by-products. Snail mucin has antioxidant properties that can help protect the skin from free radical damage. Pairing it with organic skincare ingredients rich in antioxidants

enhances the skin's defense against environmental stressors.
