As part of the program, SPRINT PROGRAM aims to revolutionize the internship linkage and training system in India. To accomplish this, the company plans to work with [The Circle FC](#), a local accelerator, to develop a localization strategy and conduct business operations in the Indian market.

By being selected for the K-Startup Center Global Scale-up Program, SPRINT PROGRAM has achieved several milestones. This recognition enables the company to fast-track its expansion efforts by establishing a branch office in New Delhi, complementing its existing presence in Bangalore.

Looking ahead, SPRINT PROGRAM intends to leverage the support from the K-Startup Center Global Scale-up Program to successfully penetrate the Indian market and innovate the local internship linkage and training system. The company aspires to set an example for other startups aiming to expand internationally. They affirmed their commitment to becoming the premier internship platform in India, contributing to the development of local talent and industry.
