

Functional Food Ingredients Market Share to Hit USD 204.84 Billion By 2032 | Growth With Recent Trends & Demand

Rising consumption of nutritive convenience and fortified food is a major factor driving market revenue growth

VANCOUVER, BRITISH COLUMBIA, CANADA, June 25, 2024 /EINPresswire.com/ -- The global [functional food ingredients market](#) size is expected to reach USD 204.84 Billion in 2032 and register a steady revenue CAGR of 6.9% during the forecast period, according to the latest analysis by Emergen Research. Increasing prevalence of chronic diseases is a key factor driving market revenue growth. Functional foods are fortified, enriched, and improved foods that give health advantages in addition to basic nutrients, such as vitamins and minerals, when ingested in effective amounts on a regular basis. Functional food prevents nutritional deficiencies, and stimulates growth and development. According to the World Health Organization (WHO), 41 million people every year die due to chronic diseases, globally.

In addition, rising consumption of nutritive convenience and fortified food is another factor driving revenue growth of the market. Fortification of essential nutrients with staple food elements reduced the prevalence of nutrient-deficient health disorders such as anemia, rickets, goiter, and birth abnormalities. Functional foods are high in essential nutrients such as vitamins, minerals, healthy fats, and fiber.

The global Functional Food Ingredients market research report offers extensive statistical analysis to impart a deeper understanding of the Functional Food Ingredients industry and the changing dynamics of the business sphere. The report covers key data about market share, market size, revenue growth, sales and distribution channel, current and emerging trends, and technological advancements. The report offers a comprehensive overview of the Functional Food Ingredients industry to assist the companies engaged in the market to maximize the return on their investments and capitalize on the emerging growth prospects.

For the purpose of this report, Emergen Research has segmented the global functional food ingredients market on the basis of type of ingredient, source, health benefit, application, certifications and labels, distribution channel, and region:

Type of ingredient Outlook (Revenue, USD Billion; 2019–2032)

Probiotics

Proteins & Amino Acids

Phytochemicals & Plant Extracts

Prebiotics

Fiber & Specialty Carbohydrates

Carotenoids

Vitamins

Source Outlook (Revenue, USD Billion; 2019–2032)

Animal

Plant

Microbial

Health Benefit Outlook (Revenue, USD Billion; 2019–2032)

Gut Health

Cardiovascular Health

Immunity

Nutritive Health

Weight Management

Other Health Benefits

Application Outlook (Revenue, USD Billion; 2019–2032)

Food

Infant Food

Dairy Products

Bakery Products

Confectionery Products

Snacks

Other Food Applications

Beverages

Juices

Health Drinks

Certifications and Labels Outlook (Revenue, USD Billion; 2019–2032)

Organic

Non-Genetically Modified Organisms (GMO)

Gluten-Free

Distribution Channel Outlook (Revenue, USD Billion; 2019–2032)

Online

Retail Stores

Regional Bifurcation of the Functional Food Ingredients Market Includes:

- North America (U.S., Canada)
- Europe (U.K., Italy, Germany, France, Rest of EU)
- Asia Pacific (India, Japan, China, South Korea, Australia, Rest of APAC)
- Latin America (Chile, Brazil, Argentina, Rest of Latin America)
- Middle East & Africa (Saudi Arabia, U.A.E., South Africa, Rest of MEA)

The report aims to provide a complete analysis of the global Functional Food Ingredients market with important details about the key market players from insightful primary and secondary research data. The report also aims to benefit the user by providing constructive data to gain insight into market growth, size, and investment approaches. Additionally, the report provides an extensive analysis of the Functional Food Ingredients market, including key data, such as factors

influencing the growth of the market, buyers and vendors, production and consumption, and revenue.
