ABOUT GetHairMD.

In February 2020 GetHairMD commenced implementation of a comprehensive business plan that integrates clinically proven, innovative and effective medical technologies and products into

a comprehensive medical hair restoration treatment plan for patients. Our plan has proven to enhance patient care and drive recurring revenues for our physician partner offices and corporately. This includes (i) owning and licensing the rights to various forms of medical devices, products and technology and (ii) further development of the comprehensive hair restoration portfolio to assist physicians in offering patients validated, effective medical treatments for hair-loss. GetHairMD's disruptive business model combines its innovative and comprehensive product offerings with protected territories to their medical partners.
