Some of the key facts of the Atrophic Vaginitis Market Report:

The Atrophic Vaginitis market size is anticipated to grow with a significant CAGR during the study period (2020-2034)

In 2023, the 7MM reported approximately 98,188,000 total prevalent cases of atrophic vaginitis. This number is anticipated to increase throughout the forecast period from 2024 to 2034.

In 2023, there were around 22,689,000 diagnosed cases of atrophic vaginitis in the 7MM. This figure is expected to rise during the forecast period from 2024 to 2034.

The United States had approximately 9,136,000 diagnosed cases of atrophic vaginitis, with this number expected to increase during the forecast period from 2024 to 2034.

In 2023, around 5,983,000 patients in the 7MM were receiving prescription treatment for atrophic vaginitis.

According to estimates, in 2023, there were approximately 11,321,000 mild cases, 6,565,000 moderate cases, and 4,803,000 severe cases of atrophic vaginitis. These numbers are expected to increase during the forecast period from 2024 to 2034.

Key Atrophic Vaginitis Companies: Alvogen Pine Brook LLC, Actavis Inc., EndoCeutics Inc, and others

Key Atrophic Vaginitis Therapies: Estradiol, Estrace®, DHEA, and others

The Atrophic Vaginitis market is expected to surge due to the disease's increasing prevalence and awareness during the forecast period. Furthermore, launching various multiple-stage Atrophic Vaginitis pipeline products will significantly revolutionize the Atrophic Vaginitis market dynamics.

Atrophic Vaginitis Overview

Atrophic vaginitis, also known as vaginal atrophy or genitourinary syndrome of menopause (GSM), is a condition characterized by the thinning, drying, and inflammation of the vaginal walls. This occurs due to a decrease in estrogen levels, most commonly during menopause. It can also occur in women who have their ovaries removed, those undergoing certain cancer treatments, or those who are breastfeeding.

Atrophic Vaginitis Drugs Uptake and Pipeline Development Activities

The drugs uptake section focuses on the rate of uptake of the potential drugs recently launched in the Atrophic Vaginitis market or expected to get launched during the study period. The analysis covers Atrophic Vaginitis market uptake by drugs, patient uptake by therapies, and sales of each drug.

Moreover, the therapeutics assessment section helps understand the drugs with the most rapid

uptake and the reasons behind the maximal use of the drugs. Additionally, it compares the drugs based on market share.

The report also covers the Atrophic Vaginitis Pipeline Development Activities. It provides valuable insights about different therapeutic candidates in various stages and the key companies involved in developing targeted therapeutics. It also analyzes recent developments such as collaborations, acquisitions, mergers, licensing patent details, and other information for emerging therapies.

Atrophic Vaginitis Therapies and Key Companies

Estradiol: Alvogen Pine Brook LLC

Estrace®: Actavis Inc.

DHEA: EndoCeutics Inc

Atrophic Vaginitis Market Strengths

Increasing prevalence of atrophic vaginitis, up to 40% of postmenopausal women have symptoms of atrophic vaginitis. Because the condition is attributable to estrogen deficiency, it may occur in pre-menopausal women who take anti-estrogenic medications.

Atrophic Vaginitis Market Opportunities

The advancements in the technology, as well as diagnostic methodology, would increase the overall patient pool as currently, many patients are underdiagnosed.

Scope of the Atrophic Vaginitis Market Report

Study Period: 2020–2034

Coverage: 7MM [The United States, EU5 (Germany, France, Italy, Spain, and the United Kingdom), and Japan]

Key Atrophic Vaginitis Companies: , and others

Key Atrophic Vaginitis Therapies: Estradiol, Estrace®, DHEA, and others

Atrophic Vaginitis Therapeutic Assessment: Atrophic Vaginitis current marketed and Atrophic Vaginitis emerging therapies

Atrophic Vaginitis Market Dynamics: Atrophic Vaginitis market drivers and Atrophic Vaginitis market barriers

Competitive Intelligence Analysis: SWOT analysis, PESTLE analysis, Porter's five forces, BCG Matrix, Market entry strategies

Atrophic Vaginitis Unmet Needs, KOL's views, Analyst's views, Atrophic Vaginitis Market Access and Reimbursement
