

Enhancing Community Engagement: YMCA Refurbishes Modernfold Acousti-Seal Premier Panels

YMCA Rocky Run refurbishes Modernfold Acousti-Seal panels, enhancing community spaces with ModernfoldStyles' expert refurbishment services.

MEDIA, PA, UNITED STATES, June 27, 2024 /EINPresswire.com/ -- In a continued commitment to strengthening communities through youth development, healthy living, and social responsibility, the YMCA Rocky Run branch has successfully refurbished its Modernfold Acousti-Seal Premier single-panel operable partitions. This initiative, undertaken by the YMCA, aims to enhance the functionality and aesthetic appeal of its spaces, fostering wellness and unity within the community.

YMCA Rocky Run: The newly refurbished Modernfold Acousti-Seal Premier panels create versatile spaces for community activities.

For over 170 years, the YMCA has been at the forefront of providing essential services aimed at community building. The Rocky Run branch, located at 1299 West Baltimore Pike, Media, PA, has been a vital part of this mission, offering a variety of programs and services that benefit the local population.

Originally installed in 2011, the Modernfold Acousti-Seal partitions at the YMCA Rocky Run branch have been instrumental in creating versatile and functional spaces. Recognizing the need to maintain and enhance these partitions, the YMCA enlisted the expertise of ModernfoldStyles, a leading distributor of space management solutions known for their excellence in transforming environments and providing comprehensive refurbishment services.

ModernfoldStyles prides itself on its ability to repair, refurbish, and refinish products to ensure

longevity and optimal performance. The service team undertook the task of recovering the entire original Acousti-Seal system. This involved updating each panel with new vinyl and hand pulls, resulting in a clean, cohesive look that aligns with the YMCA's vision of a welcoming and functional space.

“Our service technicians did an incredible job refurbishing the Acousti-Seal system at the YMCA Rocky Run branch,” said a representative from ModernfoldStyles. “By updating the panels, we have not only enhanced the visual appeal of the space but also ensured its functionality for many years to come.”
