

# Announcing Plate It Up: A Party Game of Culinary Creativity

*Ever wanted to serve up a deep-fried hot dog with sprinkles? Blue Wasatch Games' new party game, Plate It Up, lets you do just that!*

SALT LAKE CITY, UTAH, UNITED STATES, July 1, 2024 /EINPresswire.com/ -- Blue Wasatch Games is excited to announce the release of Plate It Up, a culinary party game where players craft hilarious dishes to win orders and claim the title of top chef. Plate It Up is a fresh take on the popular voting party game genre, designed to spark laughter and inspire culinary creativity.

Plate It Up Logo, Order Tokens, and Menus

In Plate It Up, players use random ingredients to create outrageous, delicious, or just plain weird dishes. Inspired by a player-selected star ingredient and scenario like "She was a 10 until she

ordered..." or "While driving stick, I once saw my dad eating...", each player crafts the perfect dish to outdo the others. For example, "She was a 10 until she ordered a deep-fried hot dog covered in sprinkles." The chef who earns the most orders each round takes a step closer to being crowned the ultimate culinary champion.

“

Whether you're making a dish to tickle an 8-year-old's funny bone, or a culinary masterpiece, Plate It Up has a place for everyone's creativity to shine.”
