## Increasing Crime Cases Driving Market Growth

The rising incidence of crime globally is a significant driver of the less lethal ammunition market. Law enforcement agencies are increasingly adopting less lethal options to control situations without the risk of fatal injuries. For example, according to a 2023 report by the Federal Bureau of Investigation, hate crime incidents in the US increased

by 11.6% from 2020 to 2021, highlighting the necessity for effective non-lethal tools.
