

OEIS Expands Cyber Security Team to Tackle Digital Forensics and Online Threats

OEIS enhances its cyber security team to address digital forensics, cyber bullying, and harassment in LA, Orange County, San Diego, and Sacramento.

LOS ANGELES, CALIFORNIA, LOS ANGELES, June 27, 2024

/EINPresswire.com/ -- OEIS, a licensed, insured, and bonded private investigator firm, has recently announced the expansion of its cyber security team to address the growing concerns of [digital forensics](#), cyber bullying, and cyber harassment. This enhancement will allow OEIS to provide thorough analysis of digital evidence in separation cases and robust protection against online threats for its clients in Los Angeles, Orange County, San Diego, and Sacramento.

With the rise of technology and the increasing use of social media, online threats have become a major concern for individuals and businesses alike. As a trusted private investigator firm, OEIS understands the importance of staying ahead of the game when it comes to cyber security. The expansion of their cyber security team will allow them to provide top-tier investigative services to their clients, ensuring their safety and protection in the digital world.

According to the National Center for Victims of Crime, cyber bullying and cyber harassment have become prevalent issues, with nearly 43% of individuals reporting being victims of online harassment. OEIS recognizes the severity of these issues and is committed to providing comprehensive solutions to their clients. With their team of highly trained and experienced cyber security experts, OEIS will be able to effectively handle cases involving digital forensics, cyber bullying, and cyber harassment.
