

Global Pet Mobility Aids Market Growth Analysis With Investment Opportunities

The Business Research Company's Pet Mobility Aids Global Market Report 2024 – Market Size, Trends, And Global Forecast 2024-2033

LONDON, GREATER LONDON, UK, June 28, 2024 /EINPresswire.com/ -- The [pet mobility aids market](#) is projected to grow from \$1.88 billion in 2023 to \$2.04 billion in 2024, at a CAGR of

8.6%. This growth is driven by trends in pet ownership, advancements in veterinary medicine, an aging pet population, increased awareness of pet health and wellness, and expanded pet insurance coverage. The market is expected to reach \$2.87 billion by 2028, propelled by technological innovations, rising demand for customized products, expansion of online distribution channels, and a focus on pet rehabilitation.

The pet mobility aids market size is expected to see strong growth in the next few years. It will grow to \$2.87 billion in 2028 at a compound annual growth rate (CAGR) of 8.9%.”

The Business Research Company

Increasing Pet Population Drives Market Growth

The increasing pet population is a significant factor contributing to the growth of the pet mobility aids market, as more pets with mobility issues require assistance. According to the Petfood Industry, dog adoptions in the U.S. increased from 393,712 in 2021 to 398,477 in 2022, while cat adoptions rose by 2% to 539,015. This trend underscores the growing need for mobility solutions to help pets lead active and fulfilling lives.
