The certification begins with an Employee Engagement Survey backed with over 20 years of data and research, that follows the best Christian Workplaces FLOURISH model of eight drivers of a flourishing workplace culture:

fantastic teams, life-giving work, outstanding talent, uplifting growth, rewarding compensation, inspirational leadership, sustainable strategy, and healthy communication. Following the survey, Best Christian Workplaces produces a report of the results and debriefs the company leadership about strengths and opportunities revealed in the results.

“For over 25 years, our company has sought to [honor Christ](#) in all we do. This drives how we serve our clients and why we focus exclusively on [faith-based investing](#),” added Beacon Wealth Consultants’ President Cassandra Laymon. “It is really satisfying to know that our team feels valued, shares our company vision, and thinks Beacon Wealth Consultants is a great place to work.”

Since 2002, employees from more than 1,000 faith-based businesses, nonprofits, and churches have completed the Employee Engagement Survey to determine the health of their workplace cultures. Beacon Wealth Consultants is grateful for the valuable organizational insight provided by the survey and is delighted to be certified as a Best Christian Workplace.
