## About

The Vicente Ferrer Foundation USA is committed to combatting poverty and inequality in rural India. Our focus is to improve the lives of India's most marginalized groups in order to contribute to a more just and equal society. We place particular emphasis on assisting the most vulnerable populations: children, women, and people with disabilities, to ensure that development in rural India leaves no one behind. Women in India are particularly affected by poverty because of societal discrimination. [www.VFFUSA.org](http://www.VFFUSA.org)
