Media Group Limited (Microvision)

2024

Microvision Media Group Limited has announced its financial results for the first half of 2024. The company reported a net income of 6,505,981, a significant increase from the previous period. This growth is attributed to strong performance in its core business segments and effective cost management strategies. The company's revenue reached 12,978,516, with a gross profit margin of 65%. The management team expressed confidence in the company's long-term growth prospects and its ability to deliver value to its shareholders.
