

# National Van Lines Partners with Instant Teams to Enhance Awareness about PPM Moves for Military Personnel

FORT LIBERTY, NORTH CAROLINA,  
UNITED STATES, July 1, 2024

/EINPresswire.com/ -- National Van Lines is thrilled to announce a strategic partnership with Instant Teams to document Personally Procured Moves (PPM), commonly known as [DITY \(Do It Yourself\) moves](#), for our esteemed U.S. military personnel. This collaboration aims to provide a seamless, efficient, and stress-free moving experience for military staff members who choose the PPM option upon receiving their Permanent Change of Station (PCS), Temporary Duty (TDY), or Temporary Additional Duty (TAD).

## Benefits of PPM Moves

Choosing a PPM move offers numerous advantages for military personnel, including:

At National Van Lines, we are dedicated to providing exceptional moving services that cater to the unique needs of our military customers."

*Michael Wilson, Vice President, Government Affairs, for National Van Lines*

1. **Flexibility and Control:** PPM moves allow military members to set their own schedules and choose their preferred moving methods and providers, ensuring a personalized and convenient moving experience.
2. **Increased Efficiency:** By overseeing their own moves, service members can avoid the delays and complexities sometimes associated with traditional moving services.
3. **Financial Incentives:** Service members can potentially save money by managing their own moves, as they are reimbursed for a significant portion of their moving expenses, often resulting in a profit if costs are managed effectively.

Through this partnership with Instant Teams, National Van Lines will provide comprehensive support to a military family throughout the entire PPM process. While following the moving process National Van Lines and Instant Teams will show how choosing the PPM process will minimize the administrative burden on service members, allowing them to focus on other important aspects of their transition.
