

Logistics Plus is Named a 2024 G75 Green Supply Chain Partner for a Second Year

The annual Inbound Logistics list recognizes 75 leading companies focused on green supply chain management.

ERIE, PA, UNITED STATES, July 2, 2024 /EINPresswire.com/ -- Logistics Plus, Inc. (LP), a global

We invest in EV at our warehouses, we are a 13-year SmartWay Transport Partner, and achieving plastic neutrality the past four years are examples of how we grow without compromising the future."

Jim Berlin

leader in transportation, logistics, and unique supply chain solutions, is proud to announce that it has been named a 2024 G75 Green Supply Chain Partner by Inbound Logistics magazine. The list, curated annually by the editors of Inbound Logistics, recognizes 75 companies going above and beyond to prioritize green initiatives and help global supply chains become more sustainable.

"Inbound Logistics editors have determined that Logistics Plus is one of the 75 honorees that 'walk the walk' when it comes to commitment to supply chain sustainability," said Felecia Stratton, Editor for Inbound Logistics. "Given the

global environment, it is truly an accomplishment this year."

"I believe in Karma and doing what is right, and so doing things that are [sustainable for the environment](#) is the right thing to do," said Jim Berlin, Founder & CEO of Logistics Plus. "We invest in EV equipment at our warehouses, we are a 13-year SmartWay Transport Partner, and achieving [plastic neutrality the past four years](#) are examples of how we grow without compromising the future."

The updated G75 list appears in the June 2024 Sustainability edition of Inbound Logistics magazine in both print and digital formats. View the Logistics Plus profile in the digital edition at <https://magazine.inboundlogistics.com/view/754554366/46/>.

About Inbound Logistics

Inbound Logistics (IL) is the pioneering magazine empowering demand-driven enterprises. IL's educational mission is to guide businesses to efficiently manage logistics, reduce and speed inventory, and neutralize transportation cost increases by aligning supply to demand and

adjusting enterprise functions to support that paradigm shift. More information about demand-driven enterprise practices is available at inboundlogistics.com.
