

# Bangkok by Alexey Danilin Wins Gold in A' Lighting Products and Fixtures Design Award

*Innovative Pendant Lamp Design Inspired by Thai Temple Architecture Receives Prestigious Recognition*

COMO, CO, ITALY, July 2, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- The A' Design Award, a highly respected and well-recognized award in the field of [lighting design](#), has announced [Alexey Danilin](#) as a winner in the Lighting Products and Fixtures Design category for his exceptional work titled "Bangkok". This prestigious recognition highlights the significance of the A' Lighting Products and Fixtures Design Award within the lighting industry, positioning it as a sought-after accolade for innovative and outstanding designs.

The Bangkok pendant lamp design holds particular relevance to current trends and needs within the lighting industry. By drawing inspiration from the tiered structure and light-filtering elements of ancient Thai temple architecture, Danilin has created a design that aligns with the growing interest in culturally-influenced and spiritually-evocative lighting fixtures. The lamp's unique interplay of light, glass, and form offers practical benefits for users seeking both functional illumination and aesthetic appeal in their spaces.

What sets the Bangkok pendant lamp apart is its distinctive fusion of architectural inspiration and modern lighting technology. The design features multiple tiers of tinted and transparent glass, strategically interspersed with LED lights to create a captivating play of colorful glare and scattered illumination. The lamp's silhouette, modeled after the iconic Emerald Buddha temple in Bangkok, has been skillfully adapted into a more concise and contemporary form, allowing the entire fixture to be illuminated in a manner reminiscent of the ethereal ambiance within Thai temples.

Bangkok

This well-deserved recognition from the A' Lighting Products and Fixtures Design Award serves as a testament to Alexey Danilin's innovative vision and design prowess. The accolade is expected to inspire further exploration and refinement of culturally-influenced, spiritually-evocative lighting designs within Danilin's body of work. Moreover, it stands as motivation for the designer and his team to continue pushing the boundaries of lighting design, crafting fixtures that seamlessly blend meaning, aesthetics, and functionality.

Bangkok was designed by a talented team of professionals: Lead designer Alexey Danilin, who spearheaded the creative vision; Engineer Nikita Morozov, who ensured technical precision; Product manager Elena Slivka, who oversaw the development process; and Assistant product manager Anastasia Orlova, who provided valuable support throughout.

Interested parties may learn more about this award-winning design at the A' [Design Awards](#) website, where a dedicated page showcases the Bangkok pendant lamp in greater detail, offering insights into its conception, development, and unique features:

#### About Alexey Danilin

Alexey Danilin is an accomplished designer based in Germany, known for his innovative lighting fixtures that blend contemporary aesthetics with cultural influences. With a background in fine arts and experience spanning interior design, event decoration, and product design, Danilin has established himself as a visionary in the field. His work has been exhibited at prestigious design events and featured in renowned publications. Danilin's commitment to pushing creative boundaries has earned him numerous international awards, cementing his status as a leading figure in the design community.

#### About Maytoni

Founded in 2009, Maytoni is a renowned lighting company that has evolved from its initial focus on classic chandeliers to encompass a wide range of modern and decorative designs. With a commitment to innovation and staying at the forefront of lighting trends, Maytoni develops new products each year, catering to the diverse needs and preferences of its customers. The company's products are distributed throughout Europe and the Middle East, making Maytoni a well-established and respected brand in the lighting industry.

#### About Golden A' Design Award

The Golden A' Design Award is a prestigious recognition granted to designs that exhibit exceptional innovation, functionality, and aesthetic appeal within the Lighting Products and Fixtures Design category. Winners are selected through a rigorous blind peer-review process, where a panel of expert judges evaluates entries based on pre-established criteria. These criteria encompass various aspects of lighting design, including energy efficiency, material selection, user-friendliness, light quality, durability, safety, adaptability, and originality. By meeting and surpassing these stringent standards, Golden A' Design Award recipients demonstrate their

ability to create lighting solutions that not only illuminate spaces but also enhance user experiences and contribute to the advancement of the lighting industry as a whole.

#### About A' Design Award

The A' Design Award is an international, juried design competition that has been recognizing and promoting superior products and projects across various industries since 2008. With a philanthropic mission to make the world a better place through the power of good design, the A' Design Award aims to motivate designers and brands to develop innovative solutions that positively impact society. By providing a global platform for showcasing groundbreaking designs, the competition fosters a culture of excellence and inspires future generations of designers to push the boundaries of creativity and innovation. The A' Lighting Products and Fixtures Design Award, a specialized category within the A' Design Awards, celebrates the most outstanding and inventive lighting designs from around the world, highlighting their potential to revolutionize the industry and enhance people's lives.
