

MedSource Labs, Medilogic Announce US-Australia Strategic Partnership with Launch of Logiflow Exactus IV Catheters

Medilogic/MedSource Labs Unveil Logiflow Exactus and Exactus Shield with Blood Control Safety IV Catheters to the Australian Market

MINNEAPOLIS, MN, USA, July 2, 2024 /EINPresswire.com/ -- US-based [MedSource](#) Labs and Sydney's Medilogic enter into an exclusive, strategic partnership in the peripheral safety IV market with the announcement of Logiflow Exactus and Logiflow Exactus Shield with Blood Control [IV Catheters](#) with active blood control check valve technology in Australia.

Blood Control Safety IV Catheters

Exactus and Exactus Shield with Blood Control IV catheters provide significant benefits to Australian patients over other IV catheters.

“

Medilogic has the market intelligence and can-do attitude we seek out in our distribution partnerships. They know the IV access space very well and immediately grasped the innovation in our products.”

Dave Kunelius

1. Safety: a new blood control device to significantly reduce the risk of exposure to bloodborne pathogens to the caregiver and patient.
2. Precision: a translucent flashback chamber confirms vessel entry and ensures accuracy.
3. Front-line functionality: The ergonomic design and non-slip grip ensure easy handling for healthcare workers.

“Medilogic is thrilled to partner with Medsource Labs to launch a ground-breaking IV access range in Australia. This collaboration merges Medilogic's extensive market

knowledge with Medsource Labs' innovative solutions and state-of-the-art manufacturing process, promising to revolutionize patient care and medical practices nationwide. We are confident that this partnership will significantly enhance healthcare delivery in Australia.” Richard

Romaine, Product Manager – Hospital & Acute Care at Medilogic.

“We could not have asked for a better partner to expand our reach into the Australian market,” said Dave Kunelius, President at MedSource Labs. “Medilogic has the market intelligence and can-do attitude we seek out in our distribution partnerships. They know the IV access space very well and immediately grasped the innovation in our products.”

Exactus and Exactus Shield Safety IV Catheters are part of MedSource Labs’ high-performing international IV catheter lines focused on caring for the caregiver.
